International Forum on 2D Materials and Graphene

March 04-06, 2024

Florence, Italy

2DMATFORUM2024

Email: 2dmatforum2024@continuumforums.com

Website: <https://www.continuumforums.com/2024/2dmatforum>

About Conference:

It is with great pleasure that we welcome all researchers in the field of Graphene and 2D Materials to the International Forum on 2D Materials and Graphene (2DMATFORUM2024), which will be held in Florence, Italy during March 04-06, 2024.

The goal of 2DMATFORUM2024 is to bring together a multi-disciplinary group of scientists. It promotes top level research and globalizes the quality of research in general, thus making discussions, presentations more internationally competitive and focusing attention on the recent outstanding achievements in the field of 2D Materials, Graphene and Carbon Nanostructures.

The conference series features plenary lectures, keynote lectures, special sessions, poster presentations, workshops, and contributed papers each year.

We do hope you can make time in your busy schedule to the meeting and share your ideas on a topic of your choice and be a part of this successful conference.

We are looking forward to seeing you in Florence, Italy

Sessions:

- Graphene and 2D Materials
- 2D Materials for Aerospace
- Carbon Nanotubes and Graphene
- Properties and Applications of 2D Materials
- Nanoscience and Nanotechnology
- Biomedical Engineering
- Chemistry and Electrochemistry of Graphene
- Growth and Production of Graphene and 2D Materials
- Emerging Trends in Graphene Experiment
- Artificial Graphite and Natural Graphene
- Graphene, Nanosheets, Nanofilms, Nanolayers, and Nanocoatings
- Fundamental Science of Graphene and 2D Materials Beyond Graphene
- Graphene Modification and Functionalization
- Nanotechnologies
- Graphene-Based Nanocomposites: Recent Scientific Studies and Applications
- Graphene-Related Health and Environment Research
- Semiconductor Materials and Nanostructures
- Graphene 3D Printing
- Graphene Nano in Energy and Storage
- Graphene Based Polymers
- Electrical, Optical, Thermal and Mechanical Properties of Graphene
- High Energy Physics
- Electronics, Photonics, Optoelectronics, Plasmonics and Sensors
- Graphene in Daily Life

Organizing Committee members

1. **Cristina Satriano**, University of Catania, Italy
2. **Giuseppe Failla**, University of Reggio Calabria, Italy
3. **Mohammad Khajouei**, Montreal University, Canada
4. **Paulo Cesar De Moraes**, Catholic University of Brasilia, Brazil
5. **Raul Duarte Salgueiral Gomes Campilho**, Isep School of Engineering, Portugal
6. **Soshu Kirihara**, Osaka University, Japan
7. **Suk-Ho Choi**, Kyung Hee University, Korea

Plenary Speakers

Paulo Cesar De Moraes
Catholic University of Brasilia,
Brazil

Thomas J Webster
Hebei University of Technology,
China

Ute Kaiser
Ulm University,
Germany

Gagik Shmavonyan
National Polytechnic University of
Armenia, Armenia

Suk-Ho Choi
Kyung Hee University,
Korea

Important Dates

Abstract Submission Deadline	February 04, 2024
Earlybird Registration	May 04, 2023
Standard Registration	September 04, 2023
On-spot Registration	March 04, 2024

Abstract submission: <https://www.continuumforums.com/2024/2dmatforum/abstract-submission>

Registration link: <https://www.continuumforums.com/2024/2dmatforum/registration>

Enquiry: <https://www.continuumforums.com/2024/2dmatforum/contact>

Venue: Florence, Italy

About Venue:

Florence is one of Italy's most popular cities to visit, especially for first-timers. Not only is it the art capital of the world, it's a gorgeous city with streets to wander, towers to climb, great places to go shopping, and lots of gelato to eat. The city is noted for its culture, renaissance art and architecture and monuments and also contains numerous museums and art galleries, such as the Uffizi Gallery and the Palazzo Pitti, and still exerts an influence in the fields of art, culture and politics. In fact, it is the only Italian city on the list, which makes our city the most beautiful of Italy.

Florence plays an important role in Italian fashion, and is ranked in the top 15 fashion capitals of the world by Global Language Monitor; furthermore, it is a major national economic center, as well as a tourist and industrial hub.
