# About Conference

It is with great pleasure that we welcome all the researchers in the field of Vaccine Research to the **International Forum on Vaccines Research and Development** which will be held from **June 20-22, 2024** in **Porto, Portugal**.

VACCINESFORUM2024 aims to be a premier international forum to highlight novel developments, share new ideas, research results, and development experiences, and provide networking opportunities with peers to help establish connections for early career scientists to meet a diverse mix of researchers, and decision-makers to strengthen existing connections and forge new ones.

Also, the main agenda of this conference is to bring together world-leading academics, practitioners, industry leaders, policymakers, and business professionals from the fields of vaccine research to develop practical solutions for current challenges in these fields.

The conference series has featured plenary talks, keynote talks, special sessions, poster presentations, workshops, and contributed papers each year. We do hope you can make time in your busy schedule for the meeting and share your ideas on a topic of your choice and be a part of this successful conference.

We are looking forward to seeing you in Porto, Portugal.

# Sessions

- Novel Advances in Vaccine Research
- Global outbreak of Pandemics
- New and Potent Tuberculosis Vaccines Replacing BCG
- HIV Vaccine Research
- Physiological Effects of Vaccination
- Cancer Immunotherapy and Immunodominance
- Immunoprophylaxis and Drugs
- Hepatitis and Varicella Vaccines
- Pneumococcal and Meningococcal Vaccines
- HPV, DPT, Polio and MMR Vaccines
- Inactivated, Live-attenuated Vaccines
- Messenger RNA (mRNA) Vaccines
- DNA & Synthetic Vaccines
- Green House Gases
- Vaccination: Challenges and Opportunities
- Social implications and Legal aspects of Vaccines
- Vaccines Policy and Regulatory Affairs
- Vaccine Development against SARS-CoV-2
- Subunit and Recombinant Vaccines
- Polysaccharide and Conjugate Vaccines
- Vaccination as a cause of Autism - Myths and controversies
- Route of Administration and its Challenges
- Immunization, Vaccination and Inoculation
- Toxoid and Viral Vector Vaccines
- Psychological effects of vaccination
- Contribution of proteomics in Vaccinology
- Maternal Immunization
- Pediatric and Neonatal Vaccination
- Vaccine durability for various Diseases
- Poultry and Veterinary Vaccines
- Bacterial and Viral Diseases
- Fungal and Protozoal Diseases
- Plant based Vaccines: Production and Challenges
- Design, Development and Approval of Vaccines
- Next-generation Vaccine Delivery Technologies
- Design, Development and Approval of Vaccines

# Plenary Speakers

Juraj Ivanyi,  
King's college London,  
UK

Tomas Hanke,  
University of Oxford,  
UK

Amine Kamen,  
McGill University,  
Canada

Shannon Turner,  
Chair person Global Vaccine Safety  
Network, Canda

Ian Roe,  
National Manager for KBI and IBI,  
Canada

# Keynote Speakers

Camila Hamond,  
Instituto Oswaldo Cruz,  
Brazil

Pere Joan Cardona Iglesias,  
Hospital Germans Trias Pujal,  
Spain

Stefania Triunfo  
University of Milan,  
Italy

# Organizing Committee Members

- **Juraj Ivanyi**, King`s college London, UK
- **Tomas Hanke**, University of Oxford, UK
- **Amine Kamen**, McGill University, Canada
- **Pere Joan Cardona Iglesias**, Hospital Germans Trias Pujal, Spain
- **Ian James Martin**, University of Western Australia, Australia
- **Luke Wold Brandon**, University of Florida, USA
- **Najla Barnawi**, King Saud University, Saudi Arabia
- **Edmond Puca**, University Hospital Mother Teresa, Albania
- **Tong Quin An**, Harbin Veterinary Research Institute, China
- **Shokoh Parham**, University Technology Malaysia, Malaysia
- **Abdella Abotaleb**, World Health Organization, Spain
- **Luca Roncati**, University of Modern and Reggigo Amelia, Italy
- **Raul Romero**, Institute for Integral Health Development, Mexico
- **Uqbah Iqbal**, University Kebangsaan, Malaysia
- **Sinisa Franjic**, Independent Researcher, Europe
- **Baher Effat**, National Research Centre, Egypt
- **Raj Shankar Ghosh**, University of Calcutta, India

## Venue: Porto, Portugal

Bursting with charm and beautiful scenery, Porto lies along Portugal's north western coastline, Making this meetings-ready destination picture-perfect. The city features several museums and Architectural highlights, as well as unique shops, restaurants, night life's, and family-friendly adventures. The coastal city is known for its port wine production, beautiful bridges, ornate buildings and Douro river backdrop. Visitors to Porto could arrive Francisco Sa Carneiro Airport. Set about the 8 miles outside the city centre, The airport offers service to destinations throughout Europe, as well as direct access to public transportation options into Porto. The reliable, extensive network include buses, train and bus-rail options to shuttle passengers to the city's major Points of interest. Meeting travelers can gather at Alfandega congress centre Porto, one of the largest such centre in Portugal. It offers a variety of auditoriums, Multi-use rooms, and other spaces for conferences and exhibitions. The centre's scenic riverside location is just 10 minutes away from the main Porto hotels and less than 30 minutes from the airport.

After meetings conclude for the day, visitors can enjoy fantastic tapas, nightlife, and shopping in Ribeira, one of the oldest and most visited neighborhoods in porto. Groups can learn about the history of Porto from beautiful tile work at the Sao Bento Train station and interactive displays at the world of Discoveries, or they can explore Livraria Lello, which is regarded as one of the best bookstores in the world. Recreation options include a stroll through Parque da cidade (Portugal's Largest urban park) or an Adventure scaling a 65-metre arch on the Arrabida Bridge. To get a different view of Porto, Guests can board a Rabeloo boat cruise, which glides past the city's colourful waterfront buildings and under its stately bridges.
